ACTUAL AMSTRAD SCREENSHOTS

EASY AND HARD OPTION

Jet Ski-ing is an up and coming sport – fast furious and above all fun! The Oliver Twins have incorporated Jet Ski-ings' best aspects with some stunningly sophisticated programming. Once you have mastered the easy version you can move up to the hard version, which will challenge the abilities of even the best games players. Weave your way around islands and bridges, avoid the deadly weed that will choke up your motor. Compete with a friend for the best lines around the course, take your Jet Ski over aqua jumps, but be especially careful in the docks. . .

The number one name in the game

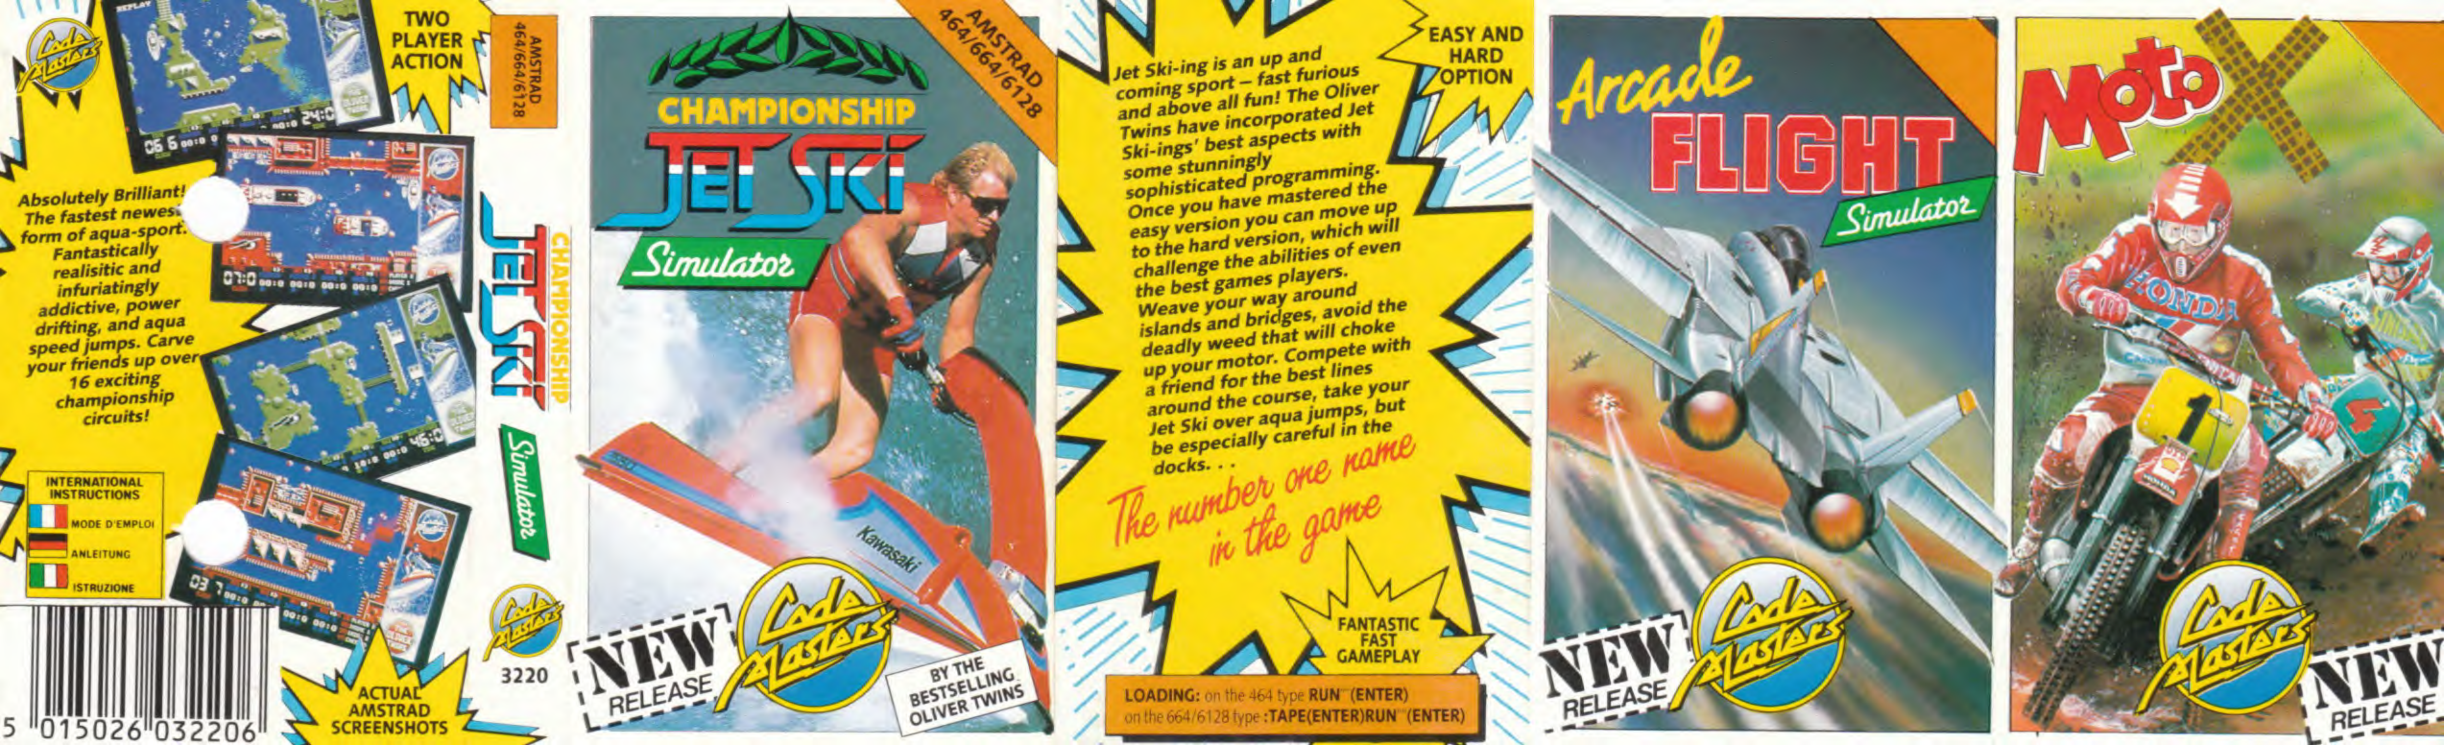

FANTASTIC FAST GAMEPLAY
